Regarding patent application number **10/826,824**

Filing date **04/16/2004**

To Whom It May Concern:

Since I did send my fee in a timely manner our application should not be abandoned. I don't know why the postmaster stamped it for the next day. As you can see on the receipt, I did send it on the 16th before the deadline. After noticing the postmasters stamp I called the examiner and he said that it would not be a problem as long as I had paperwork to prove so. I sincerely hope that this detail will not further slow the application process of our patent.

As you can see on the following page there are many places that show that I sent the documents on the 16th of February. Thank you for your understanding and please feel free to contact me if there are any questions regarding this matter.

Sincerely,

Mario Aguirre
